

May 29, 2015

Mr. Scott MacFarlane
NBC Universal
4001 Nebraska Avenue, NW
Washington, DC 20016

Dear Mr. MacFarlane:

This letter is in response to your Freedom of Information Act (FOIA) request (GSA Number 2015-000760), dated May 14, 2015, in which you requested “a full list of all purchases made with GSA SMART PAY CARDS in the National Capital Region on Friday, May 1, 2015 and Saturday, May 2, 2015.”

Per your request, please find attached an excel spreadsheet containing the purchase and travel card transactions for the National Capital Region during the period Friday, May 1, 2015 and Saturday, May 2, 2015.

As an additional clarification on this transaction information provided, it is not always absolutely determinable to distinguish if a specific purchase was made in the National Capital Region. The GSA SMART PAY CARD transaction data files do contain vendor city and state information. The information is included in the file from Citibank, however, the city, state and zip codes often represent the headquarters or billing address of the company. It does not necessarily mean that the transaction happened in that city and state. However, GSA has made every reasonable attempt to capture the transactional data for the National Capital Region and those transactions made by GSA National Capital Region Purchase Cardholders for the stated date range.

This completes our action on this request. If you have any questions, please contact Ms. Nancy Hexmoor at (202) 501-3858 or by email at nancy.hexmoor@gsa.gov.

Sincerely,

Travis Lewis
FOIA Program Manager
